How did you hear about me?

What is your understanding of my role as an end-of-life doula?

(This is an opportunity for the doula to understand the client's knowledge of a doula's role and share any missing information with the client)

What are the top three concerns or stressors in your life right now?

(This is an opportunity to check in with and refocus back on the client and to identify key issues in order to work toward how to best support the client)

What are you looking for in hiring a doula? (e.g. goals / expectations)
